

HALLOWEEN BINGO

How to Play

- 1) Print enough bingo cards for all players (six unique cards).
- 2) Give each player a bingo card and markers (candy, coins, or small objects work great!).
- 3) The caller announces Halloween items one at a time. Players mark the item on their card if they have it.
- 4) The first player to get 5 in a row (horizontal, vertical, or diagonal) shouts '**BOO!**' and wins!
- 5) Optional variations:
 - Four Corners: Mark all four corner squares
 - Blackout: Fill the entire card
 - X Pattern: Make an X across the board
- 6) The **FREE** space in the center is already marked for everyone.

Tips:

- Cut out small Halloween images/text to draw from a hat
- Use Halloween candy as markers and let winners keep them!
- Play multiple rounds with different winning patterns
